Supermarket Heroes 500 Notes of Interest:

- After piloting the **No. 19 NASCAR Cup Series Toyota** for **Joe Gibbs Racing** in 2017 and 2018, then the **No. 41 Cup Series** entry for **Stewart-Haas Racing** in 2019, Suárez joined the single-car **No. 96 Toyota Camry** effort for **Gaunt Brothers Racing (GBR)** for the full 2020 season.
- **Suárez will be making his 116th career NASCAR Cup Series start** in Sunday's **Supermarket Heroes 500 at Bristol (Tenn.) Motor Speedway**. He has career totals of eight top-five finishes, 32 top-10s and 241 laps led, with an average start of 16.2 and an average finish of 17.6. He also has qualified on the pole twice.
- In six previous Cup Series outings on the .533-mile, high-banked concrete oval at Bristol, Suárez has best finishes of eighth in his two 2019 starts there in his Stewart-Haas Racing entry, and a best starts of 12th in the August 2017 and April 2018 races in his Joe Gibbs Racing Toyota. He led five laps in the April 2018 race, in which he finished 11th. Suárez's average Bristol start is 17.7 and average finish is 13.0.
- Suárez has a pair of runner-up finishes and three other top-six results in six career **NASCAR Xfinity Series** starts at Bristol. He finished second to **Joey Logano** in the April 2015 race and second to **Kyle Busch** in the August 2017 race. His best Xfinity Series start at Bristol is third in August 2016, the year he won the Xfinity Series championship. His average Bristol start in the series is 7.7 and his average finish is 8.0.
- In most recent **NASCAR Gander RV & Outdoors Truck Series** race at Bristol in August 2016, Suárez started second and led 77 laps before an accident ended his day 16 laps from the finish. In his only other Truck Series start there in August 2015, he qualified 16th and finished 30th. Both Truck Series outings were with Joe Gibbs Racing.

- Suárez also has competed in three **NASCAR K&N Pro Series East** races at Bristol with a best start of 17th in his most recent outing in March 2014, and a best finish of 15th in his first race there in March 2012.
- Crew chief **Dave Winston**, a native of Miami, Florida, and a veteran of 67 Cup Series races atop the pit box, has called the shots at four previous races at Bristol. He collaborated with driver **Alex Bowman** in the **No. 23 BK Racing Toyota** in the April and August 2014 races, both which ended up with 33rd-place finishes. The duo came back for the fall 2014 race and started 33rd and finished 30th. His driver **Michael McDowell** finished 29th and 19th in the April and August 2016 races, respectively, for the **No. 95 Leavine Family Racing** entry.
- On May 11, GBR announced the addition of longtime motorsports veteran **Nick Ollila** as technical director. The native of Warren, Michigan, will oversee the team's engineering department and returns to the United States after a three-year stint serving in the same capacity with **Kelly Racing** in the **Virgin Australian Supercars Championship**. Ollila and team owner **Marty Gaunt** first worked together in 1997 when the two were at **Kranefuss-Haas Racing**. Their NASCAR paths crossed again 10 years later when both worked at **Red Bull Racing** – Gaunt as general manager and Ollila as chief aerodynamicist. NASCAR is where Ollila has spent the bulk of his career, which includes being the drivetrain specialist at **Rod Osterlund Racing** in 1980 when **Dale Earnhardt** won the first of his seven Cup Series championships. Ollila's racing career began at **Team Penske** in 1972 as a mechanic. He prepared cars for each of the series in which the organization competed, a lineup that included **IndyCar**, NASCAR, **Can-Am**, **Formula 5000**, sports cars and **Formula One**. NASCAR became Ollila's focus in late 1976. He joined **DiGard Racing** as the team's drivetrain specialist, working with NASCAR Hall of Famer **Darrell Waltrip** until the end of the 1978 season, whereupon he went to work for Osterlund. IndyCar and Penske beckoned in 1982, and Ollila returned as the team's engine builder, enjoying four championships (1982, 1983, 1985 and 1988) and four **Indianapolis 500** victories (1984, 1985, 1987 and 1988). That Penske connection led Ollila back to NASCAR in 1990, when he became the lead engineer for Hall of Fame driver **Rusty Wallace**. It was the beginning of a 20-year stint in NASCAR.
- Sunday marks the third Cup Series start at Bristol for the No. 96 Gaunt Brothers Toyota. Both previous starts were in 2018 with driver **D.J. Kennington** starting 35th and finishing 27th in the April race, and **Jesse Little** starting 33rd and finishing 35th in the August race.
- **Coca-Cola** and **CommScope** continue their respective partnerships with Suárez at Gaunt Brothers Racing. The iconic Coca-Cola brand has been with Suárez since 2015 when he won the Xfinity Series rookie-of-the-year title. [CommScope](#), a leader in communication network technology, has been with Suárez through its [ARRIS](#) and [Ruckus Networks](#) brands since 2014, when he first competed in the Xfinity Series.
