Kansas Notes of Interest:

- After piloting the **No. 19 NASCAR Cup Series Toyota** for **Joe Gibbs Racing** in 2017 and 2018, then the **No. 41 Cup Series** entry for **Stewart-Haas Racing** in 2019, Suárez joined the single-car **No. 96 Toyota Camry** effort for **Gaunt Brothers Racing (GBR)** for the full 2020 season.
- **Suárez has made 125 career NASCAR Cup Series starts.** He has career totals of eight top-five finishes, 32 top-10s and 242 laps led, with an average start of 17.8 and an average finish of 18.3. He also has qualified on the pole twice.
- In his last Cup Series appearance, Sunday's **O'Reilly Auto Parts 500 at Texas Motor Speedway** in Fort Worth, Suárez started from his customary qualifying draw position of 37th and finished 23rd, his fifth top-25 of the season.
- **Suárez will be making his seventh Cup Series start at Kansas Speedway** in Kansas City during Thursday night's **Super Start Batteries 400**. His **best Kansas finish of seventh** came in his first visit to the track with the Gibbs Toyota team in the May 2017 race. His **best Kansas start is fifth**, in the October 2017 race with the Gibbs team. He **led six laps** in his Stewart-Haas entry last October and was running ninth coming to the white flag in the race's first attempt at an overtime finish when he was involved in a five-car accident.
- In two **NASCAR Xfinity Series** outings at Kansas, both in a Gibbs Toyota, Suárez started sixth and finished ninth during his 2015 Rookie of the Year season, then started fourth and finished third to **Kyle Busch** and **Elliott Sadler** after **leading six laps** during his 2016 series championship season.
- In his lone **NASCAR Gander RV & Outdoors Truck Series** appearance at Kansas, Suárez started 10th and finished sixth in a **Kyle Busch Motorsports** Toyota in 2015
- Suárez **qualified on the pole** in the 2015 **ARCA Menards Series** race at Kansas, driving the **No. 55 Toyota** for **Venturini Motorsports**. He led the first 15 laps but ultimately saw his day end early after an accident on lap 67 of the 99-lap race.

- Suárez competed from 2009 through 2014 in the **NASCAR Peak Mexico Series**. In 76 starts, he earned 10 victories, 26 top-five finishes, 39 top-10s and qualified on the pole 13 times. He had an average start of 8.7, an average finish of 12.4, led 1,216 laps, and had best finishes of second and third in the season standings in 2013 and 2012, respectively.
- Crew chief **Dave Winston**, a native of Miami, Florida and a veteran of 78 Cup Series races atop the pit box, called the shots at three previous races at Kansas. His driver **Alex Bowman** finished 35th and 32nd in the **No. 23 BK Racing Toyota** at the spring and fall 2014 races, respectively. And his driver **Michael McDowell** drove the **No. 95 Leavine Family Racing** entry to a 28th-place finish in the spring 2016 race.
- The No. 96 Gaunt Brothers Toyota has 55 Cup Series starts since joining the series in 2018, and two at Kansas with a best finish of 32nd in last year's fall race with driver **Parker Kligerman**.
- On May 11, GBR announced the addition of longtime motorsports veteran **Nick Ollila** as technical director. The native of Warren, Michigan, will oversee the team's engineering department and returns to the United States after a three-year stint serving in the same capacity with **Kelly Racing** in the **Virgin Australian Supercars Championship**. Ollila and team owner **Marty Gaunt** first worked together in 1997 when the two were at **Kranefuss-Haas Racing**. Their NASCAR paths crossed again 10 years later when both worked at **Red Bull Racing** – Gaunt as general manager and Ollila as chief aerodynamicist. NASCAR is where Ollila has spent the bulk of his career, which includes being the drivetrain specialist at **Rod Osterlund Racing** in 1980 when **Dale Earnhardt** won the first of his seven Cup Series championships. Ollila's racing career began at **Team Penske** in 1972 as a mechanic. He prepared cars for each of the series in which the organization competed, a lineup that included **IndyCar**, NASCAR, **Can-Am**, **Formula 5000**, sports cars and **Formula One**. NASCAR became Ollila's focus in late 1976. He joined **DiGard Racing** as the team's drivetrain specialist, working with NASCAR Hall of Famer **Darrell Waltrip** until the end of the 1978 season, whereupon he went to work for Osterlund. IndyCar and Penske beckoned in 1982, and Ollila returned as the team's engine builder, enjoying four championships (1982, 1983, 1985 and 1988) and four **Indianapolis 500** victories (1984, 1985, 1987 and 1988). That Penske connection led Ollila back to NASCAR in 1990, when he became the lead engineer for Hall of Fame driver **Rusty Wallace**. It was the beginning of a 20-year stint in NASCAR.
- **Coca-Cola** and **CommScope** continue their respective partnerships with Suárez at Gaunt Brothers Racing. The iconic Coca-Cola brand has been with Suárez since 2015 when he won the Xfinity Series rookie-of-the-year title. [CommScope](#), a leader in communication network technology, has been with Suárez through its [ARRIS](#) and [Ruckus Networks](#) brands since 2014, when he first competed in the Xfinity Series.
